

AUTHOR INDEX

Volume 4, 1988

- Addiscott, T.M., Long-term leakage of nitrate from bare unmanured soil, 91.
- Armstrong, A.S.B., see Tanton, T.W.
- Bacon, E.T.G., see Christian, D.G.
- Batey, T., Guest editorial: Soil science – its role in a changing environment, 2.
- Bell, J.N.B., Minski, M.J. & Grogan, H., Plant uptake of radionuclides, 76.
- Billett, M.F., FitzPatrick, E.A. & Cresser, M.S., Long-term changes in the acidity of forest soils in North-East Scotland, 102.
- Bond, W.J. & Smiles, D.E., Predicting the average movement of reactive solutes in soils, 115.
- Christian, D.G. & Bacon, E.T.G., A comparison of tine cultivation and ploughing with two methods of straw disposal on the growth, nutrient uptake and yield of winter wheat grown on a clay soil, 51.
- Cooper, F.B., see Hough, M.N.
- Coughtrey, P.J., Models for radionuclide transport in soils, 84.
- Cresser, M.S., see Billett, M.F.
- Dasberg, S. & Nadler, A., Soil salinity measurements, 127.
- FitzPatrick, E.A., see Billett, M.F.
- Goulding, K.W.T. & Stevens, P.A., Potassium reserves in a forested, acid upland soil and the effect on them of clear-felling versus whole-tree harvesting, 45.
- Gracey, H.I., see Stevens, R.J.
- Grogan, H.A., see Bell, J.N.B.
- Hornung, M., see Stevens, P.A.
- Hough, M.N. & Cooper, F.B., The effects of shelter for cereal crops in an exposed area of Cleveland, North-East England, 19.
- Hughes, J.C., The disposal of leather tannery wastes by land treatment – a review, 107.
- King, J.A., Some physical features of soil after opencast mining, 23.
- Kopi, A.J., see Moran, C.J.
- Laughlin, R.J., see Stevens, R.J.
- Livens, F.R. & Rimmer, D.L., Physico-chemical controls on artificial radionuclides in soil, 63.
- Livens, F.R. & Loveland, P.J., The influence of soil properties on the environmental mobility of caesium in Cumbria, 69.
- Logan, H.J., see Stevens, R.J.
- Loveland, P.J., see Livens, F.R.
- McBratney, A.B., see Moran, C.J.
- Mehanni, A.H., see Rengasamy, P.
- Minski, M.J., see Bell, J.N.B.
- Moffat, A.J., Forestry and soil erosion in Britain – a review, 41.
- Moran, C.J., Koppi, A.J., Murphy, B.W. & McBratney, A.B., Comparison of the macropore structure of a sandy loam surface soil horizon subjected to two tillage treatments, 96.
- Murphy, B.W., see Moran, C.J.
- Nadler, A., see Dasberg, S.
- Rengasamy, P. & Mehanni, A.H., Application of the threshold concentration concept to irrigation with saline water, 123.
- Rimmer, D.L., see Livens, F.R.
- Rycroft, D.W., see Tanton, T.W.
- Shaw, R.J., Predicting deep drainage in the soil from properties and rainfall, 120.
- Smiles, D.E., see Bond, W.J.
- Stevens, P.A. & Hornung, M., Nitrate leaching from a felled Sitka spruce plantation in Beddgelert Forest, North Wales, 3.
- Stevens, P.A., see Goulding, K.W.T.
- Stevens, R.J., Laughlin, R.J., Logan, H.J. & Gracey, H.I., The effect of large applications of pig slurry on the strength of soil under grass, 57.
- Stone, D.A., Subsoil strength and yield of vegetable crops, 10.
- Tanton, T.W., Rycroft, D.W. & Wilkinson, F.M., The leaching of salts from saline heavy clay soils: factors affecting the leaching process, 133.
- Tanton, T.W., Armstrong, A.S.B. & Rycroft, D.W., The leaching of salts from restructured saline clay soils, 139.
- Weir, A.H., Estimating losses in the yield of winter wheat as a result of drought, in England and Wales, 33.
- Wilkinson, F.M., see Tanton, T.W.
- Wright, G.C., Herbicide treatment on winter oilseed rape and its implication for increasing soil erosion risk in marginal cropping areas of the United Kingdom, 14.
